An EPI Fish Story

Imagine for a moment... Early Saturday morning. There's a crisp, cool breeze over the crystal blue water of Lake Michigan's Grand Traverse Bay. A fuzzy fleece sweat shirt to keep you warm. Lines in the water. Down riggers set. Hands wrapped around a warm cup of coffee...

FISH ON!

The crew at Environmental Protection, Inc. works hard every day doing their part to protect our precious water. They also know how to take time to enjoy each others company and the beauty of the Great Lakes water around us. Nice Catch! Nice Job!

Tips & Tricks
