New Updated Website

Be sure to see our new look! EPI has completely renovated our website to make navigation and research easier than ever.

www.geomembrane.com

EPI has a brand new look at the [geomembrane.com](http://www.geomembrane.com) website. Our content has been organized for easier navigation and to be more convenient for you to find. Outdated information has been removed to streamline the flow and eliminate duplication.

Here are a few suggestions to take a look at:

Technical Info

This section of the geomembrane website has technical information on all of the various geomembranes we fabricate and install.

Case studies

information on usage of geomembranes for all types of containment applications.

News & Events

The latest postings about EPI, archived issues of The Liner Letter, and our schedule of future meetings, training and trade shows.
